Time it was,

*And what a time it was,*

*It was a time of innocence*

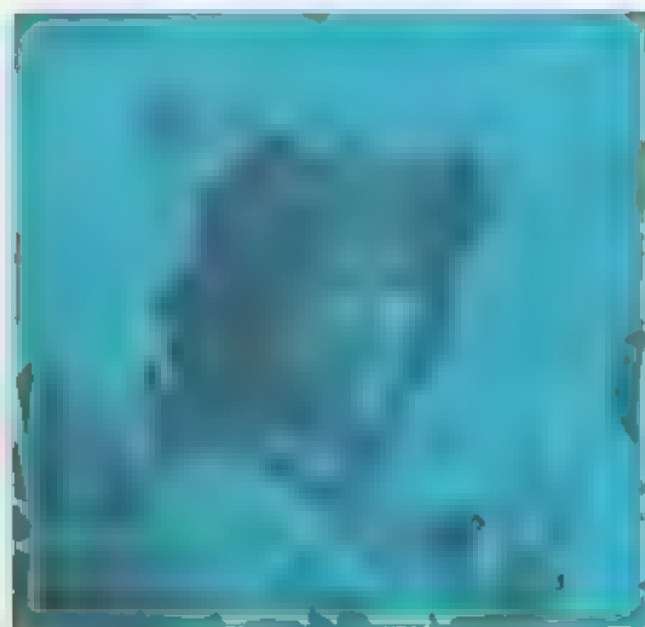

*A time of confidence*

HEY! NO  
NO! I KNOWS BRAT  
TWO JETS? Heck  
NO!

*Long ago . . .  
It must be . . .*

*I have a  
photograph,*

# Sunnyvale Jets Marching Band

Show Time Parade in Hawaii

Our Jet Marching Band received many awards and honors during the 1972 - 73 school year. The band and Color Guard traveled to Long Beach ( for the third consecutive year), spent a week touring and performing in Hawaii, and appeared before 62,000 football fans at the San Francisco 49er- Oakland Raider game to march with its usual spectacular precision and timing. When Mrs. Pat Nixon visited NASA-Ames, the SHS band, color guard, famous baton twirler Pam Martin, and award winning drum major Ed Lizardo were all invited to provide entertainment. Mr. John Riggie, band director, agreed that the band, guard, and individual performers had another great year.

Head Coach Mike Laurel

The 1972 - 73 Soccer team had an excellent season, winning 12 games and losing only four. That was good enough to finish second in league. Team spirit was the best ever, and every player maintained a winning attitude throught the season. Even though playing conditions were very poor due to the heavy rains, the players kept thlier poise on the field. Although we are losing some fine senior players (Javier Perez, Ray Duenas, Vic Borlaug, Keven Pruet, Ernie Gallegos, Ed Flores, Dave Rodrigues, and Paul Trompeter we can look forward to another fine season with the youth coming up for next year.

"Barefoot Boogie" was the theme of this year's Twirp Twirl as couples danced to the music of "Typewriter" and entertained themselves with a visit to Preacher Peek (right) to be married. Refreshments were moonshine and vittles (cookies). The highlight of the evening was the crowning of Mr. Irresistible and his court.

# Girls P.E Leaders

Not Pictured:  
Denise Garcia,  
Cindy Dobbins.

A leader has been variously defined from "one who has a follower to one who possesses the ability to guide & direct others in activities which are desirable and enjoyed by the class".

In order to meet the requirements, the girls physical education leaders go through an extensive training program in their junior year to develop leadership potential.

In their senior year, the girls display their leadership ability by assisting in a P.E. class; & they have the opportunity to extend their talents in the community through recreation jobs, officiating at other schools, teachers aides at the elementary or junior high level, and related jobs during the summer.

# ADULTS

MR. STEVE VARICH retired after thirty-two years as a teacher, over half of that time at Sunnyvale High School. Students may be surprised to learn that he is a "local boy" and product of our own district, graduating from Fremont High School in 1932. After completing teaching requirements at San Jose State College, Mr. Varich was a science teacher in San Francisco for a year and then for thirteen more a teacher of mathematics, science, history, occupations, and physical education at Chowchilla High School. He developed championship basketball teams there and coached that sport when he returned to Sunnyvale to teach in 1951. At that school Mr. Varich was almost exclusively a social studies teacher but did have some science classes at the beginning. Over the years he is and has been known mainly by seniors, always dedicated, gentle in his ways, and generous with his time. Many of his strong points include loyalty to the school, the district, and especially to his students. He was never known to shirk responsibilities. Of all those who have or who will retire shortly, Mr. Varich is most deserving of the peace and rest that he will enjoy. We hope and wish this for him.

The year 1973 marks the end of Sunnyvale High School's 18th year. The school, like any graduating class, has undergone profound development since its opening. The graduating class of 1973 has experienced more curricular development, facility additions, and administrative reorganization than any previous graduating class in our 18-year history. This should not be alarming but rather taken as a sign of the times. Knowledge is doubling every ten years, and education can no longer be viewed as a static process.

In the future our responsibility as productive citizens will be to adapt to changing economic, social, and political conditions on a world-wide basis. We can no longer think in terms of a specific, vocational goal but must continually equip ourselves with basic academic skills, attitudes, social values, and civic responsibilities to meet future challenges.

The graduates are to be congratulated in carrying on the rich traditions of Sunnyvale High School. You excelled in scholarship and athletics, and have provided leadership in student government, and the student activity program. Our sincerest wishes for a productive and full life go to the Class of 1973.

Walter W. Hale  
Principal

Not long ago my children dug up my high school yearbook and howled at their ancient father and his weird looking classmates. The same experience will happen to you. I then reminisced with my children about the adventures, dreams, and disappointments that the pages illustrated. I hope that when you open this yearbook with your children you will be reminded of the many people at Sunnyvale High School who worked with you to make learning a worthwhile and exciting adventure.

# Acknowledgements

Throughout the preparation of this yearbook, many people have helped greatly and have not received thanks. Right now I would like to say thanks to Mr. Hall, Cathy Wong, and Terry Ing for going on their own time to provide pictures. Thanks go to Mr. Bennion at Camera Mart for his quick and efficient processing of pictures. Without his and his staff's help at Camera Mart, this yearbook would be without its memories. In addition, I would like to thank Mr. J. R. Myers for his help and advice in the production of the Sabre. Thanks also to Mr. Eldon Tanner, our consultant from Josten's/American Yearbook Co.

Many people don't realize all the hard work that goes into making a yearbook; they only see the end result. The staff this year has tried something that has been done only once before in the history of the Sabre--they have done the pasting up of the entire book (with the exception of the introduction). I would like to express my appreciation to the staff for a job well done.

The Sabre has been known for its leadership in trying new ideas in the Santa Clara Valley. This year the staff has come up with several new ideas--mainly due to Mr. Robert Lane's emphasis on originality. I would like to give special thanks now to him, who has constantly guided and supervised the Sabre Staff.

Last, I would like to thank you, the students and faculty of Sunnyvale High, for supplying this yearbook with its memories. I hope that by looking back in later years, you will be able to relive good times through these pictures.

# In Memoriam

Mrs. Jeanne Taft

March 20, 1973

As we conclude the school year and these pages of the 1973 Sabre, we pause to remember Mrs. Taft, a teacher in our English Department. Students and faculty alike miss her warmth toward all around her and her willingness to spend extra hours, whether working with a student to perfect his delivery of a speech, taking part in a student-faculty play, or helping with an adult social activity. We remember Mrs. Taft most of all for the skill, the energy, and the love she put into her teaching. She is sorely missed by everyone whose life she touched, but probably by her students most of all.
